If the IRA/SEP/SIMPLE box is checked, you've received a traditional IRA, SEP, or SIMPLE distribution.

**Box 8.** If you received an annuity contract as part of a distribution, the value of the contract is shown. It isn't taxable when you receive it and shouldn't be included in boxes 1 and 2a. When you receive periodic payments from the annuity contract, they're taxable at that time. If the distribution is made to more than one person, the percentage of the annuity contract distributed to you is also shown. You'll need this information if you use the 10-year tax option (Form 4972). If charges

were made for qualified long-term care insurance contracts under combined arrangements, the amount of the reduction in the investment (but not below zero) in the annuity or life insurance contract is reported here.

**Box 9a.** If a total distribution was made to more than one person, the percentage you received is shown.

**Box 9b.** For a life annuity from a qualified plan or from a section 403(b) plan (with after-tax contributions), an amount may be shown for the employee's total investment in the contract. It is used to compute the taxable part of the distribution. See Pub. 575.

**Box 10.** If an amount is reported in this box, see the Instructions for Form 5329 and Pub. 575.

**Box 11.** The first year you made a contribution to the designated Roth account reported on this form is shown in this box.

**Box 12.** If checked, the payer is reporting on this Form 1099 to satisfy its Internal Revenue Code chapter 4 account reporting requirement under FATCA. You may also have a filing requirement. See the Instructions for Form 8938.

**Box 13.** Shows the date of payment for reportable death benefits under section 6050Y.

**Boxes 14-19.** If state or local income tax was withheld from the distribution, boxes 16 and 19 may show the part of the distribution subject to state and/or local tax.
